ATTACKED FOR DEFENDING LGBTQIA+ & WOMEN'S RIGHTS

Sphere NGO have been championing LGBTQIA+ and women's rights since 2006, and are among the oldest organisations of their kind in the country. Founded by activists Anna Sharyhina and Vira Chernygina, they provide a safe space for women and LGBTQIA+ people in Kharkiv, Ukraine's second largest city. In recent years, however, they have suffered dozens of attacks by violent anti-LGBTQIA+ groups. Anna and Vira report these incidents, but the police have failed to hold anyone accountable.

Tell Ukraine to bring Sphere's attackers to justice.

CHALLENGE INJUSTICE.
